## Pre-Treatment and Treatment Facial Gels

Pre-Treatment Gels   Treatment Gels  

### Product Overview

Works to restore skin's natural vibrancy by removing impurities and promoting cellular energy. When your complexion looks tired and stressed, a spa facial can provide the revitalization you need, but who has the time? Exclusive patented technology allows you to achieve spa results at home in just 10 minutes with the Galvanic Spa™ II Instrument, Face Conductor, and specially formulated facial gels. Galvanic Spa™ Pre-Treatment Facial Gel helps remove impurities so your pores can breathe while Galvanic Spa™ Treatment Facial Gel revives and invigorates tired skin by promoting cellular energy.

### Target Audience

#### Primary Markets:

- Skin-involved, image conscious women ages 25–65 who are interested in spa quality treatments but struggle to justify the time and expense associated with visiting a day spa.

#### Secondary Markets:

- Men ages 25–65 who want healthy, abundant hair.
- Men ages 25–65 who are image conscious and somewhat skin involved.

### Benefits

#### Galvanic Spa™ Pre-Treatment Facial Gel

- Removes impurities, allowing pores to breathe.
- Soothes and conditions the skin.

#### Galvanic Spa™ Treatment Facial Gel

- Facilitates recovery from stress; promotes cellular energy.
- Skin regenerative, spa-like results in less than 10 minutes.
- Enhances skin hydration, leaves skin feeling incredibly soft, clean, and refreshed.

### Key Ingredients

**Galvanic Spa™ Pre-Treatment Facial Gel**—marigold, sea kelp, and vanilla extracts soothe and condition the skin.

**Galvanic Spa™ Treatment Facial Gel**—contains arginine to facilitate recovery from stress while magnesium promotes cellular energy.

### Usage/Application

**Galvanic Spa™ Pre-Treatment and Treatment Facial Gels**—are designed for use once a week and only with the Galvanic Spa™ II Instrument. During each treatment, ensure hand is moistened and fingers are touching the chrome panel at all times. Keep instrument in constant contact with skin for duration of treatment.

**Pre-Treatment Facial Gel**—apply entire contents of capsule to clean face and neck. Affix Face Conductor to instrument. Select the “one-fountain” and “two minute” settings. After treatment is complete, remove remaining gel with a moist towel.

**Treatment Facial Gel**—apply entire contents of capsule to face and neck. Select the “two-fountain” and “three minute” settings. After treatment, rinse face and apply Nu Skin® toner of choice.

### Testimonials

“After a very long day of flying with many delays and cancellations, my husband, daughter, and I treated ourselves to a Galvanic Spa II treatment—it was just what we needed. I was amazed at how fresh and invigorated our skin looked. We felt like we had spent the day at the spa!” —LES'A COL, LAPIS CERTIFIED, PERSONAL CARE TRAINER

“I can't tell you how pleased I am with the results I have been getting from the Galvanic Spa System II. I now use the product four times per month. I can't wait until Fridays (that's what I call my spa day)! My wife, Kathy Denison, continues to tell me that my face has never looked better. I have much more confidence in myself. Thanks, Nu Skin, for another world-class product at an affordable price. I am hooked for life!” —MARK ROGOW

# Galvanic Spa™ Pre-Treatment and Treatment Facial Gels

## FYI

For more than 50 years, spa and salon professionals have used galvanic currents and gentle massaging action to enhance circulation and concentrate cellular energy. The Galvanic Spa™ System II offers the same benefits as a professional spa by using specially formulated gels with the Galvanic Spa™ II Instrument, which releases safe and gentle low-level currents that automatically adjust to your skin's individual needs.

## Complementary Products

- **Tru Face™ Revealing Gel**—a perfect companion to the Galvanic Spa™ Facial Gels. Utilizing PHAs, Tru Face™ Revealing Gel helps restore youthful radiance to the skin.
- **Polishing Peel™**—delivers skin resurfacing benefits for smoother, softer, more youthful looking skin.

## Frequently Asked Questions

### *Can people with acne use the Pre-Treatment and Treatment Facial Gels?*

The Pre-Treatment and Treatment Facial Gels are great for any skin type. They should not cause any additional problems for individuals with acne, but are not designed to help or treat this condition. Additionally, The Galvanic Spa™ System II should not be used over an area with many broken capillaries or over an inflamed or open wound.

### *Can I use part of one gel for one application and then use the rest a few days later?*

The Galvanic Spa™ gels are designed for single dose application. We recommend using all of the contents of each vial for maximum results.

### *How often should I use the Pre-Treatment and Treatment Facial Gels?*

The Pre-Treatment and Treatment Facial Gels are designed to be used at least once a week.

### *Can I use another kind of gel, like Enhancer, with the Galvanic Spa™ II Instrument?*

The Galvanic Spa™ II Instrument is designed for use with the Galvanic Spa™ Facial Gels. These gels are charged to work with the galvanic current and have been tested for safety with the Galvanic Spa™ II Instrument.

### *What are the charges of the gels?*

The Pre-Treatment Gel has a negative charge and the Treatment Gel has a positive charge.

### *How do you program the Galvanic Spa™ II Instrument when using the Facial Gels?*

When using the Pre-Treatment Gel, the Galvanic Spa™ II Instrument should be set to the one-fountain setting for two minutes. When using the Treatment Gel, use the two-fountain setting for three minutes.
